

AD 360 Hand held metal detector

ISC

FEATURES

AD 360

- Detects all Metals
- Silent Vibration Alert
- Extremely rugged all weather construction (IP66)
- Small & Light Weight
- Fully Automatic (no adjustments necessary)
- Long battery Life
- Ideal For Tactical Applications

GENERAL

The model AD360 is an extremely rugged, compact and lightweight hand held metal detector that is very easy and comfortable to use. It has a detection area that is the entire length, circumference and tip of the detection probe, offering the user a very efficient and fast way of carrying out a search procedure in any weather or challenging environment, yet small and light enough to wear on the belt. Designed for tactical law enforcement, correctional and general guarding applications.

APPLICATIONS

- Police and law enforcement
- Military
- Public events
- Night club security
- Court rooms
- Airports
- Prisons
